

# 400 Years of Golf in Dornoch

## GARDEN IN A GOLF BAG COMPETITION – FLOWERS AND FAIRS (DADCA)

The rules are very simple:

- 1 Displays entered in the competition need to reach a peak of perfection on August the 10<sup>th</sup>/11<sup>th</sup> and be clearly displayed at the front door of your property on those dates ready for the judging panel to take a photo.
- 2 After the panel have photographed your bag a label will be attached to the display to let you know that they've been and seen it.
- 3
- You may then wheel, carry or drive the bag down to the Square and place it at the Argyle Place paved area for everyone to enjoy for a week. It's up to you how you get it there and how you make it stable for the period of display. Golf buggies, wheel barrows, strapped to a lamp post, baby buggies, whatever, but it will need to be made safe to avoid damaging small children and alarming dogs!
- 4 Remove the display please by the 20th of August. The bags can go to the amenity skips once you have finished with them.

**The winners will be announced in the Northern Times issue on the 19<sup>th</sup> August**

### INSTRUCTIONS

*Bags can be taken from the side of the Social Club under the tarpaulin (Two bags maximum please).*

- If necessary drill holes in the base of the bag to allow water to drain.
- Fill the bag about half way with old plastic bottles or styrofoam chips, bark or any lightweight free draining material that won't dissolve in water.
- Fill the rest of the bag with potting compost not forgetting the pockets.
- Water well and allow compost to settle before you ....
- Prick out your seedlings and water again.
- An old golf club could be used as a frame for climbers.
- Ensure the bag is stable and won't fall over in the wind.

- Any golf related items may be used to enhance the display
- Grow with lots of TLC.
