

Dornoch South MUGA by DACIC

We had 171 responses to our MUGA survey last year. Here are the main results.

This support has enabled us to get funding for the MUGA, although not at this stage for the synthetic ice rink.

Work on site is due to start early September and be completed by the end of October. The contractor is DOE Sports who built the MUGAs at Dornoch Academy, Golspie High School and Helmsdale and the Tennis Courts in Tain.

We have established a MUGA user group from those of you who indicated you wanted to 'make this happen' and we have decided to include [Pickleball](#) as one of the sports – as this is 'the fastest growing sport in the world'. This is played on a smaller court than tennis with solid bats.

The MUGA will have markings for 5 a-side football, two tennis courts, two pickleball courts (within the tennis courts) and basketball.

There will be on an on-line booking system that will generate a code for the electronic gate entry system and control the flood lights as required.

Over 70 of you indicated that you would be interested in tennis coaching – and we have been in touch with Scott Fraser the coach at Tain Tennis Club. **In the first instance he would be free to deliver a session on Thursday mornings starting with a free taster session. Please let us know if this would be of interest to you. Scott is talking to a colleague about afternoon and evening availability.**

It would be helpful if you could complete this short survey to let us know how you will use the MUGA
