In 2017 Tom's Daughter Keira was badly hurt in a head on road traffic collision. She was airlifted to Raigmore hospital where she underwent lifesaving surgery.

She has recovered well thanks to the quick response from the SCAA.

Brothers Tom and Mike Hanratty are taking on a **250+ mile** expedition to try and raise **£35,000** for Scotland's Charity Air Ambulance.

Each rescue flight costs **£2500** and the brothers will attempt to fund 14 flights during their expedition.

Every rescue may mean another family get that critical support that saved Keira.
